Hi John,

I have updated the NPL/CD 113 maps and copied the pdf's and jpg's to
http://r6gis1.r06.epa.gov/pickup/congressnpl/CD113/NPL_as_of_May2013/

The only NPL modification is the addition of Wilcox Oil to the Oklahoma map.
Source descriptions for all of the maps have been updated to reflect the NPL status date of May 24, 2013.

Let me know if you have any questions or would like any changes.

Thanks!

Melody
